How it Works

Step 01

The House owner contacts Housewise and enters into an agreement with Housewise to **manage/rent-out** the property (Flat/Bungalow) on the house owner's behalf.

Step 02

House owner hands over keys and relevant property documents to the Housewise operations team assigned to the property.

Step 03

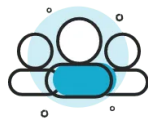

The Housewise operations team searches for tenants with a good background.

Step 04

On finalizing the prospective tenant, Housewise does the following;

- a) Background check of the tenant.
- b) Obtain the owner's approval with evidence of background check.

Step 05

After successful verification of the prospective tenant, Housewise prepares the **rental agreement/online** or offline to be signed by both parties - the house owner and the tenant.

Step 06

- a) The tenant transfers the deposit and monthly rent directly to the house owner's account.
- b) Housewise continues to maintain the property until the end of the agreement.

Benefits

Trustworthiness

By signing up with the best property management services in India, you can feel safe that your property is in trusted hands. Housewise employs **experienced and trustworthy** staff and uses standard procedures irrespective of the location of the property. We implement the policy of "Say as you do and do as you say".

Seamless Communication

We provide the best property management services in India and we don't compromise on our quality of service. A dedicated **customer relationship team** is available throughout the year to ensure seamless communication with the property owner.

Peace of mind

Housewise represents the owner as if the owner is managing the property by itself. We resolve all kinds of situations and our mantra is to protect the owner's interests at all times.

Pryank Agrawal

Founder & CEO

IIT ROORKEE

Pryank Agrawal is an IIT Roorkee Graduate. He has held leadership positions in large marquee organizations like Infosys, Tech Mahindra, and Barclays for almost a decade and a half and has lived in various cities in India, the US, and the Middle East. His fascination with new cities and love for real estate investments led him to buy property in various cities across India. The idea of Housewise came to fruition when he could not find a single trustworthy property management service provider in India.

Pooja Kamath

Senior VP & Operations Head

Corporate experience of more than 17 years in leadership positions in the telecom and banking sectors.

Prior to joining Housewise, she worked with market leaders like Citigroup, TATA, HDFC and Russian conglomerate Sistema group in the retail as well as the corporate segments.

Pooja is Senior VP and heads India Operations.

Advisory Board

Testimonials

I had the pleasure of interacting with the Housewise team when all established "local" agents were found to be turning up with not so
Loved their proactiveness and attention to detail. Did I say they were very professional and experienced!! I wish all the luck to the best
management service company in India.
